

THE YARZEH MANSIONS

Private hillside
residences above Beirut

The Yarzeh Mansions is composed of two buildings: Mansion Jasmine and Mansion Daisy. Mansion Jasmine has been sold. Mansion Daisy remains — one duplex and one triplex, each with its own private pool and garden.

MANSION DAISY EDITION · SEPTEMBER 2026

Inside the mansion that remains

Mansion Daisy holds the two largest residences in the project: Daisy I, a 520 m² garden duplex, and Daisy II, the 672 m² flagship triplex with its own roof floor and in-residence elevator. Both are laid out like individual houses — expansive reception areas, four master bedrooms, four parking spaces, and a private pool and garden of their own — within a single stone building set into the Yarzeh hillside.

Both residences are available. Expected delivery December 2027.

01

Two Residences

Daisy I, a duplex, and Daisy II, a triplex — the only homes still available.

02

Private Pool & Garden

Each residence has its own swimming pool and its own private garden.

03

House-Like Scale

Large reception areas, four master bedrooms, and four parking spaces per home.

04

Roof Floor & Elevator

Daisy II adds a 120 m² roof floor and a private in-residence elevator.

LOCATION & SETTING

Why Yarzeh?

A protected hillside address,
minutes from Beirut

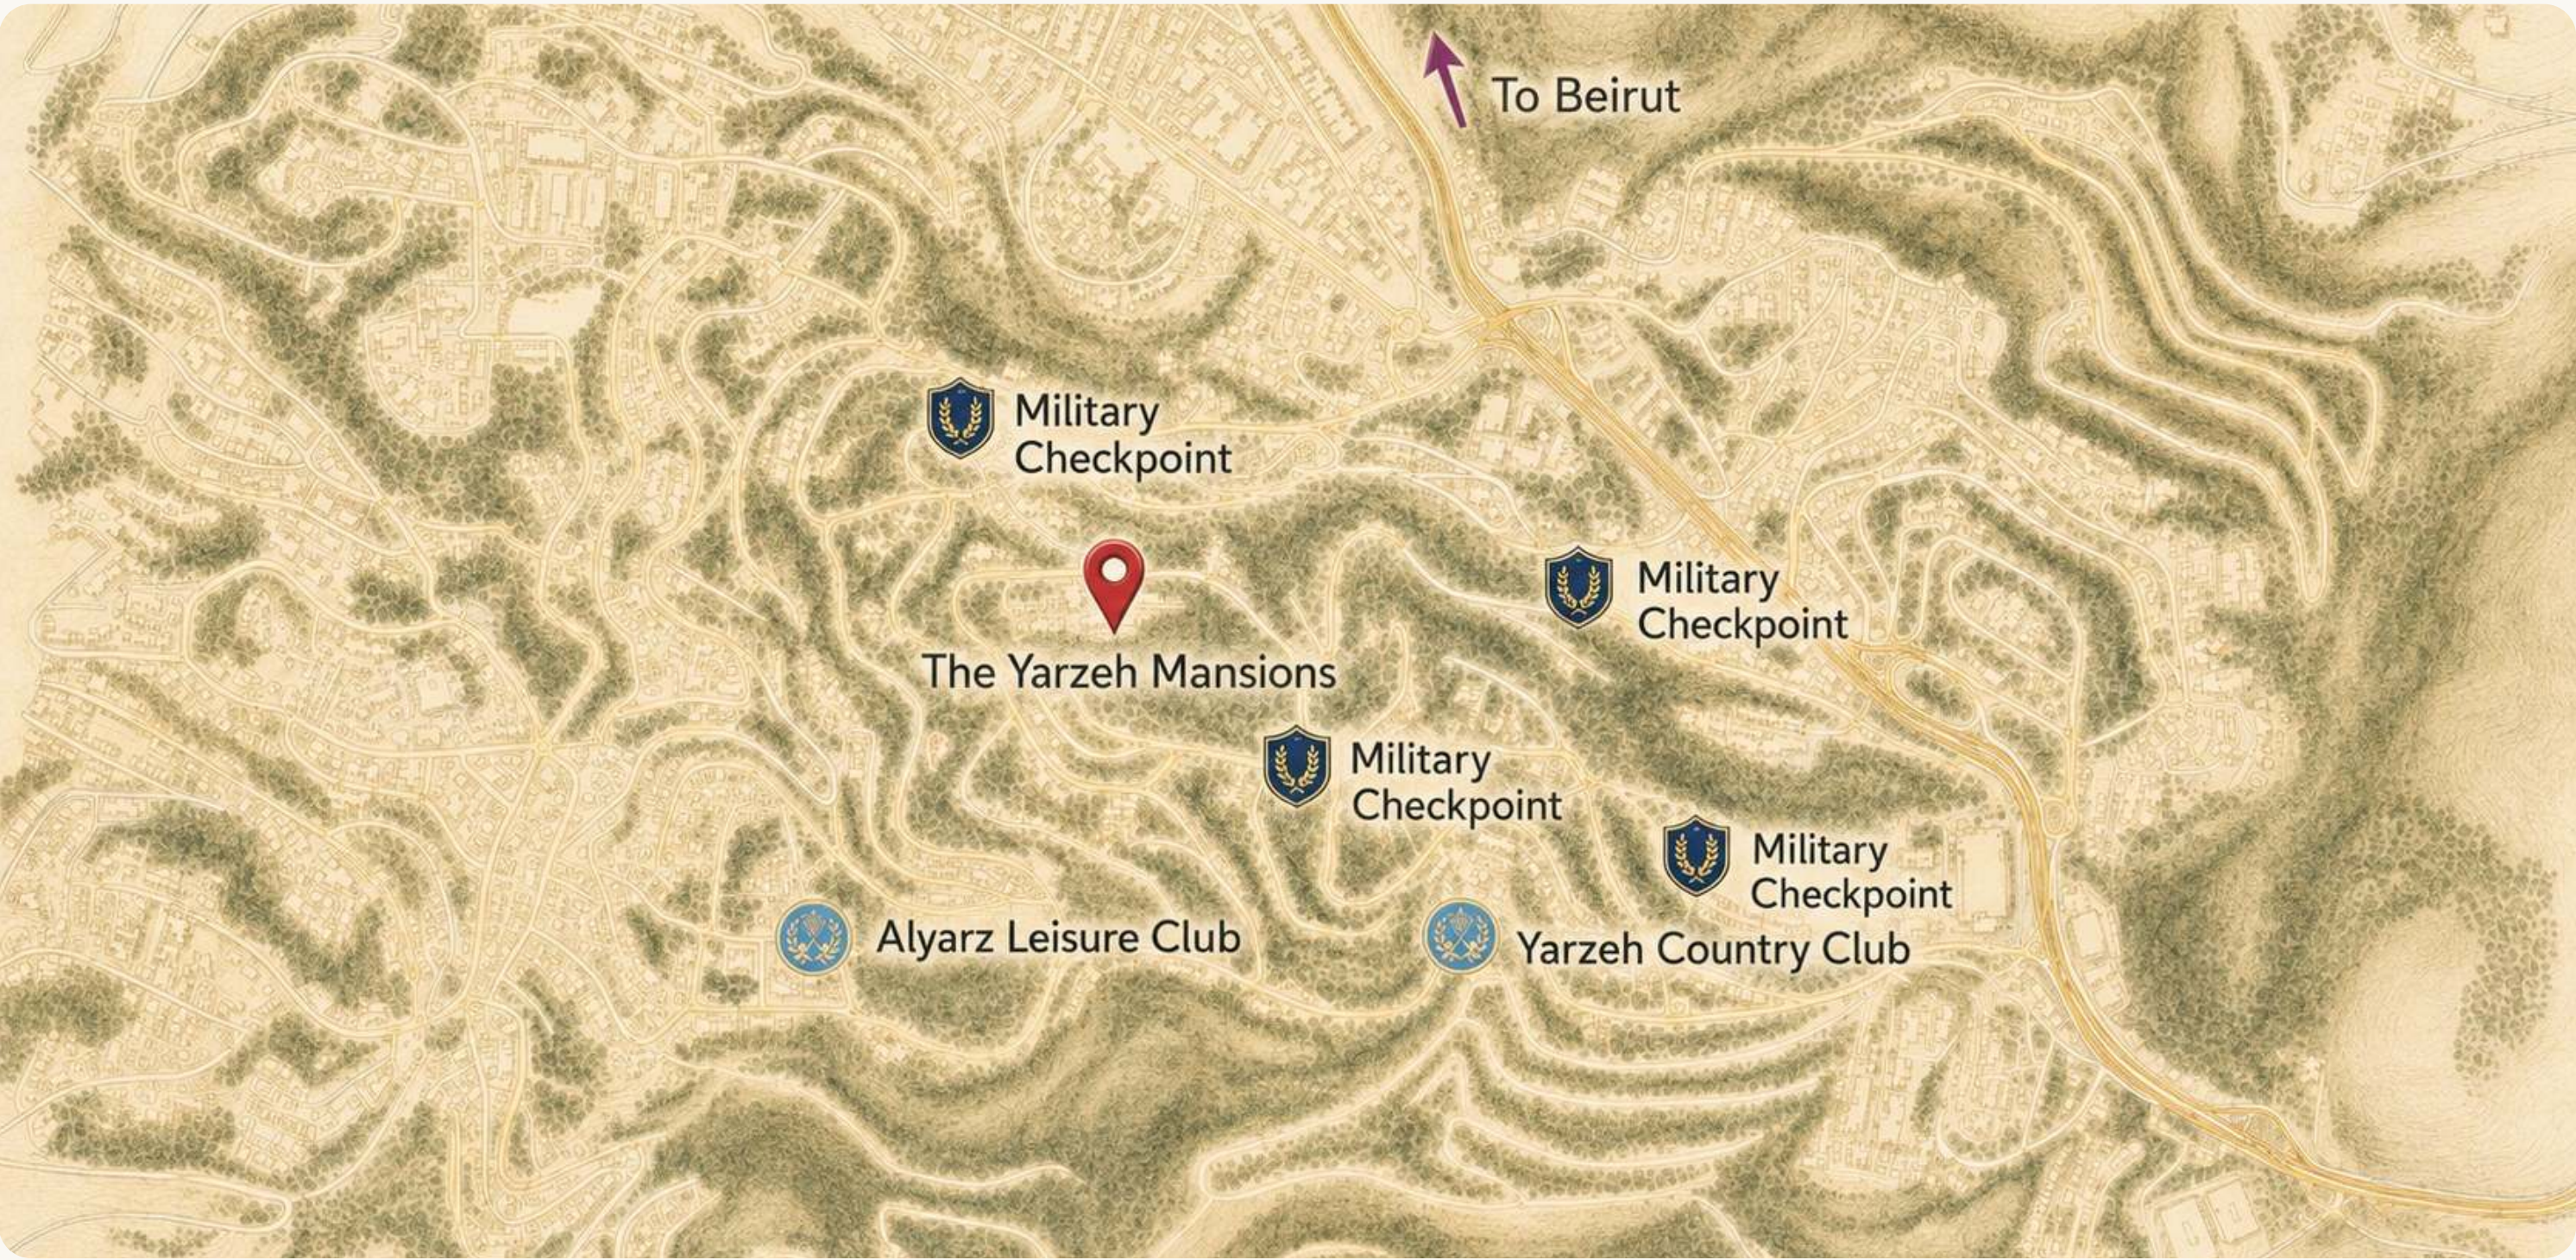

Yarzeh gives the project its strongest advantage: a calm, protected pocket with immediate access to Beirut. Military checkpoint presence and nearby institutions reinforce the area’s discreet residential character, while the elevation opens long views toward the city and sea.

LIFESTYLE & OUTDOORS

A private pool and garden for every home

Outdoor life here is private rather than shared: each residence has its own swimming pool and its own garden, with planted terraces and open views above Beirut — the ease of a house, without the scale of a compound.
