

THE YARZEH TOWNHOUSES

Private hillside residences
above Beirut

The Yarzeh Townhouses is composed of two buildings: Mansion Redwood and Mansion Magnolia. Redwood has been sold, and so have the other townhouses of Magnolia. Magnolia II remains — a duplex of 750 m² with its own private gardens.

Mansion Redwood — Sold

Mansion Magnolia — One townhouse available

Developed by Pride Invests

Yarzeh, Baabda, Lebanon

MAGNOLIA II EDITION · SEPTEMBER 2026

Inside the townhouse that remains

Magnolia II is the largest residence still available in the project: a 750 m² duplex laid over two full floors, with 120 m² of private gardens, four master bedrooms, five parking spaces and a private lift of its own — the proportions of an individual house, within a stone building set into the Yarzeh hillside.

O1

One Residence Remains

Magnolia II, a duplex — the last of the six townhouses still available.

O2

Private Gardens

120 m² of garden belonging to this house alone, on both of its floors.

O3

House-Like Scale

750 m² indoors, four master bedrooms, three salons and five parking spaces.

O4

Private Lift & Automation

An internal lift joining both floors, and full EIB home automation throughout.

LOCATION & SETTING

Why Yarzeh?

A protected hillside address,
minutes from Beirut

Yarzeh gives the project its strongest advantage: a calm, protected pocket with immediate access to Beirut. Nearby institutions reinforce the area's discreet residential character, while the elevation opens long views across the hills.

10 minutes from Beirut

Protected residential pocket

Mature planting and private gardens

Open hillside views

THE RESIDENCE

Magnolia II — a garden duplex

Two full floors joined by a private internal lift. The upper floor is the reception level; the lower floor holds the bedroom suites and opens onto the lawn.

Upper floor

WALK-IN CLOSET

INTERIOR ATMOSPHERE

Warm interiors shaped
by stone, wood, and light

Expansive reception areas, calm suites, and a natural palette of marble, solid parquet and wood. Cut-to-size first-choice marble runs through the reception areas, with solid parquet in the kitchen and the main master bedroom.

MATERIALS, FINISHES & CONSTRUCTION

Natural materials, engineered for durability

STONE & WOOD

Cut-to-size first-choice marble in the reception areas. Solid parquet in the kitchen and main master bedroom. Solid wood doors and water-resistant gypsum false ceilings.

BATHROOMS

First-choice European fixtures — Villeroy & Boch or Duravit — with German Hansgrohe fittings throughout.

KITCHENS

Solid wood kitchen with a marble island and skylight, Egger-foiled cabinetry and full-height storage.

WINDOWS & LIGHT

PVC openings with electric shutters, traditional Egyptian stone façade with natural beige cladding, Parklex coating and steel balustrades.

CLIMATE & HOT WATER

Silent central air conditioning throughout, individual central floor heating, an underground common tank and a rooftop tank for each townhouse.

SECURITY & SMART CONTROL

Full EIB home automation linked to phones and tablets, 24/7 monitored CCTV, videophone entry and an automatic parking gate.

VERTICAL LIVING

FUJI lifts serving the mansion, with a custom private lift inside the townhouse joining both of its floors.

STRUCTURE & ENVELOPE

Seismic-design concrete structure, external double walls, thermal insulation and membrane waterproofing on exposed and wet areas.

ELECTRICAL

European wiring devices, Schneider panel boards, Liban Cables wiring and TV distribution provision throughout.

BELOW GROUND

Five underground parking spaces, a private driver's studio and 20 m² of basement storage.

PRICE

Magnolia II — the last townhouse

Delivered and ready to occupy, with its gardens, its private lift and the mansion's leisure floor included. Price is subject to confirmation; terms of payment and registration costs follow the contract.

US\$ 1,800,000
